OSHA - NON MANDATORY FORM OMB No. 1218-0072

Identity (as used on label):

**BLOT-IT                      Safety Sorbent**

Manufactured by

BRUSKE PRODUCTS  
P.O. BOX 669  
Tinley Park, IL 60477-0669

Informational Phone No.  
(800) 248-7007

**HAZARDOUS                      INGREDIENTS/IDENTITY                      INFORMATION**

HAZARDOUS COMPONENTS:                      All components are non-hazardous. Product is inert, non-biodegradable and non-toxic.

CHEMICAL IDENTITY:                      Amorphous Mineral Silicate (no free silica). All elements are chemically and physically bound.

OSHA PEL:                      N/A

ACGIH TLV:                      N/A

Other Limits Recommended:                      N/A

% (optional)                      N/A

**PHYSICAL/CHEMICAL CHARACTERISTICS**

Boiling Point:                      N/A                      Specific Gravity (H 20=1):                      2.2 - 2.4

Vapor Pressure:                      N/A                      Melting Point:                      N/A

Vapor Density:                      N/A                      Evaporation Rate:                      N/A

Solubility in Water:                      Negligible

Appearance & Odor:                      Shades of Grey / Odorless

**FIRE AND EXPLOSION HAZARD DATA**

Flash Point:                      Non-Flammable                      LEL:                      N/A

Flammable Limits:                      N/A                      UEL:                      N/A

Extinguishing Media:                      N/A

Special Fire Fighting Procedures:                      N/A

Unusual Fire and Explosion Hazards:                      N/A

**REACTIVITY DATA**

Stability:                      Stable                      Conditions to Avoid:                      N/A

Incompatibility:                      Do NOT use with HYDROFLUORIC ACID (HF). Sorbent will react with HF

Hazardous Decomposition or Byproducts:                      N/A

Hazardous Polymerization:                      Will not occur

### HEALTH HAZARD DATA

Routes of Entry: None  
Inhalation?: NO Skin?: No Ingestion?: No  
Health Hazards: No known acute or chronic health hazards. Under windy conditions, sorbent can be a nuisance dust.  
Carcinogenicity: Not considered a carcinogen.  
NTP?: No IARC Monographs?: No OSHA Regulated?: No  
Signs & Symptoms of Exposure: N/A  
Medical Conditions Generally aggravated by Exposure: N/A  
Emergency & First Aid Procedures: N/A

---

### PRECAUTIONS FOR SAFE HANDLING AND USE

Steps To Be Taken in Case Material is Released or Spilled: Vacuum or sweep up. Maintain good housekeeping procedures regarding dust.  
Waste Disposal Method: Material itself is non-hazardous and may be disposed of in any landfill as defined by RCRA (40 CFR Part 261). After adsorption of hazardous or toxic liquid, follow local, state or federal regulations for proper disposal methods.  
Precautions To Be Taken in Handling & Storing: None  
Other Precautions: None

---

### CONTROLS MEASURES

Respiratory Protection: N/A  
Ventilation: N/A  
Protective Gloves: Normally none required. Special consideration should be given to liquids adsorbed.  
Eye Protection: N/A  
Other Protective Clothing or Equipment: Normally none required. Special consideration should be given to liquids adsorbed.  
Work /Hygiene Practices: No special practices required.
